

Q1-2006

FUNCOM N.V. - FIRST QUARTER FINANCIALS OF 2006

PRELIMINARY, NOT AUDITED, FIGURES

Highlights in Q1

- Increased revenues on Anarchy Online from Q4 2005, primarily due to increased in-game advertisement
- Successful secondary offering with gross proceeds of MNOK 131 (MUSD 19), giving the company additional room to pursue strategic opportunities
- Completion of Dreamfall, with the game reaching Gold version and approval from Microsoft on Xbox
- Continued development on Age of Conan and increasing expectations from the press and community
- Lower revenues in the mobile subsidiary Plutolife due to anticipated seasonality in addition to postponements from two US clients.

Financials

Funcom's financials in the first quarter have developed as anticipated. In the first guarter of 2006, Funcom had revenues of TUSD 1,848 compared to TUSD 1,100 in Q1 2005 (excluding Plutolife for Q1 2005, TUSD 1,687 with Plutolife included on a pro-forma basis). The company had an operating profit (EBIT) of TUSD -630 compared to TUSD -350 in Q1 2005 (excluding Plutolife for Q1 2005, TUSD -317 with Plutolife included on a pro-forma basis). The positive revenue development when compared to Q1 2005 is primarily due to increased advertisement revenues in Anarchy Online while the subscriber level in the game remained stable. The slightly lower EBIT in Q1 2006 compared to Q1 2005 is due to the increased overall size of the organization and increased operating costs. The financials for Q1 2006 are affected by a stronger Norwegian Kroner, and there are currency effects on the company's reported operating costs as well as the net financial items. The net financial items is an unrealized accounting profit due to the high amount of cash in NOK, which again gives a natural hedge as most costs are in NOK. Due to this, net financials is expected to fluctuate going forward.

The company's financial position is strong, and as of 31 March 2006, Funcom had TUSD 44,194 in cash and no interest bearing debt. During the first quarter, Funcom issued new shares first in respect of the green-shoe option from the Initial Public Offering with gross proceeds of MNOK 23 (MUSD 3.5), and also through a secondary offering with gross proceeds of MNOK 131 (MUSD 19). Funcom now not only has sufficient capital to complete Age of Conan, but also has surplus cash to pursue strategic opportunities.

The cash flow for the first quarter was TUSD -669 from operations and TUSD -2,912 from investments. This was as anticipated and lower than Q4 2005 due to slightly higher operating costs, but primarily due to

acquisition of additional Plutolife shares in Q4 2005, which were paid in Q1 2006.

Company & Market

Funcom has grown from 165 employees at the start of the year to 188 employees as of 31 March 2006. Key recruitments include staffing up of the Chinese office and some additions to the Age of Conan development team. As of 2 May Funcom has 192 employees.

During the first quarter the key projects have progressed as planned:

- Dreamfall reached its gold version and was approved by Microsoft for Xbox. The game has in the start of the second quarter been launched in the North American and Scandinavian markets, and has received a number of very favourable reviews, including top reviews from Gamespot and Gamespy, two of the world's largest gaming internet sites. Localization to various European languages adds some additional development time, and the launch in Europe is expected in May.
- Anarchy Online continues to be a profitable game, with a stable subscriber base and revenue development. Q1 2006 revenues was up from Q4 2005 due to increased in-game advertisement revenues, also boosting the profitability of the game.
- Age of Conan is developing according to plan and is targeted for launch in Q4 2006. The majority of the features are now complete, and the game is pre-beta with beta server infrastructure in place in Oslo and being established in the US. Recent focus has been on preparing for the E3 exhibition, where several demo stations will demonstrate a number of completed features in the game, including quests and adventuring, mounted combat and city building.
- The Mobile division, Plutolife, which is one of the world's leading service providers within mobile dating, saw a fall in revenues in the first quarter. The first quarter was expected to be lower than Q4 2005 due to seasonality; additionally the company was negatively affected by two key customers which experienced postponements. The effects are viewed as temporary.

Outlook

The company expects increased revenues in the second quarter due to the launch of Dreamfall and the revenues related to the upfront commitments from the company's publishing partners.
